

Isystick Bath/Shower Mixer with Diverter

ZP1605+R99614

Finish: Chrome

Finishes available: Brushed Nickel

The Isy bath/shower mixer diverter is part of a system that speaks the language of simplicity: it is not an effort of design but an idea which flows from water's own creativity and follows its plastic forms. Less is better, least is best: the utmost formal simplification for the first mixing tap in the world made with vanishing technology. Designed by Matteo Thun with Antonio Rodriguez.

The Isy bath/shower mixer with diverter allows you to divert the water between two shower outlets or a bath and shower outlet. Featuring a flawlessly polished forged brass wall plate 130mm diameter.

WARRANTY
15 years
