

Kos Outdoor Shower Column

ZP8087+R99797

Litre/min: 12L (shower head)

Finish: Stainless Steel

A new shower column designed by Ludovica+Roberto Palomba for the outdoors; marks a new era for quality and details for outside.

Made of steel, it is free standing with clean lines that draw your eye up to the round generous curve and large rain head (300 mm). The joystick mixer allows the use of both cold and hot water ensuring total wellbeing - even outdoors. It has also an integrated built-in rubber handshower and water connections are from the floor.

Extremely easy installation translates into plenty of different uses.
