Classic versus contemporary, is the spirit of the new Savoir wall tap set for the shower, part of a collection devised primarily for the world of contract hotels and refined design-rich architecture. Characterised by simple pure primary shapes Savoir is a project unique in its versatility and customisation possibilities. Its many different finishes and decorative solutions for handles and covers give very different aesthetic results: design-oriented and minimal in matte black and white; classic but original in chrome teamed with top surfaces in burgundy ocean blue and/or bottle green refined and elegant in total chrome and/or platinum.

The wall tap set for shower features a smooth flange and is crafted from brass.
