## Water Primary Good

After the historical claim "water master", today WATER means deep and advanced technological research for conscious and rational use of such a highly precious element.

# 80 YEARS OF ITALIAN

# DESIGN STORY

## ZUCCHETTI SETS TRENDS, GENERATES EVOLUTIONS IN LIFESTYLES.

Research and innovation, design and product quality are the corner stones of Zucchetti's philosophy. Through co-operation with the best international designers and the constant application of cutting edge technology to our design and production, we drive the evolution of our products, so as to anticipate tastes and promptly meet the demands of the global market.

Zucchetti sets trends, generates evolutions in lifestyles, invents new icons, creates new ways of living in the home and is an undisputed leader on international markets for bathroom fittings.

## AWARD WINNING ARCHITECTS AND DESIGNERS.

Giorgio Marianelli

Matteo Thun

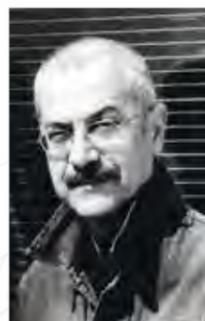

Roberto +  
Ludovica Palomba

Raul Barbieri

Barbara Sordini

William Sawaya

All the prizes and international awards won are a major source of gratification that repays the overriding passion and determination and the constant commitment shown by Zucchetti in the search for cutting edge technical and formal solutions.

Green Good Design (USA), AIDA - Australian International Design Award, Innovationspreis Architektur and Technik (Germany), Oscar de l'Innovation (France).

## ALL ZUCCHETTI COLLECTIONS HAVE BEEN MANUFACTURED EXCLUSIVELY IN ITALY.

"Made in Italy" is not just a slogan, but a strategic decision that relates to the industrial culture of the Zucchetti group. All Zucchetti collections have been manufactured exclusively in Italy. They are produced by highly skilled personnel who carefully and attentively select the best entirely Italian materials, to ensure the highest quality of the final product.

### Made in Italy

## QUALITY AT THE CORE OF ZUCCHETTI'S CULTURE.

Quality has always been key to our business philosophy, a principle extended to all our activities. From the design phase through to every single step of the production cycle aim at one primary objective, the quality of our products. Zucchetti products are made to last. To ensure their reliability and endurance through time, they are subjected to severe in-house testing and to external laboratory tests. In fact, we are so confident in our products, they are backed by a 15 year warranty.<sup>1</sup>

## ZUCCHETTI HAS, AND WILL ALWAYS, CARE FOR OUR ENVIRONMENT.

Located in the Gozzano, at the southern end of the spectacular Lake Orta, in northern Italy, Zucchetti has always been acutely aware of its responsibility to care for its surrounding environment.

As Zucchetti has evolved and progressed over the last 80 years, one of its fundamental objectives has always been a respect for this beautiful area. Long before community pressure began forcing other companies to clean up their production, Zucchetti was already recycling brass waste, purifying and reusing air and water used in the manufacturing process and using recyclable materials.

# JINGLE

---

DESIGN LUDOVICA + ROBERTO PALOMBA

---

*“Compact and squared, with rounded corners, user-friendly, trendy, never aggressive, JINGLE is a young object in every sense. JINGLE is a modern project, because it’s simple and immediate.”*

*Harmonious proportions and an utterly contemporary look make JINGLE a sober and elegant product, for a sophisticated public, ready to recognise beauty at a glance.*

*Ludovica + Roberto Palomba*

*“The Pan collection is our interpretation of the basic cylinder type single-lever mixer, which begins with classic archetypes and goes on to develop completely original aesthetics and new types of taps. We concentrated our attention on the joint between the vertical and horizontal elements: as in nature, there are no cuts and weldings, so that the spout and hand grip are derived from the body of our tap, through a soft connection, designed like the trunk of a tree, according to exactly the same smooth logic found in the graft between the trunk and the branch of a tree”.*
