

Synergii Shower Panel - Right side operation* - Retrofittable

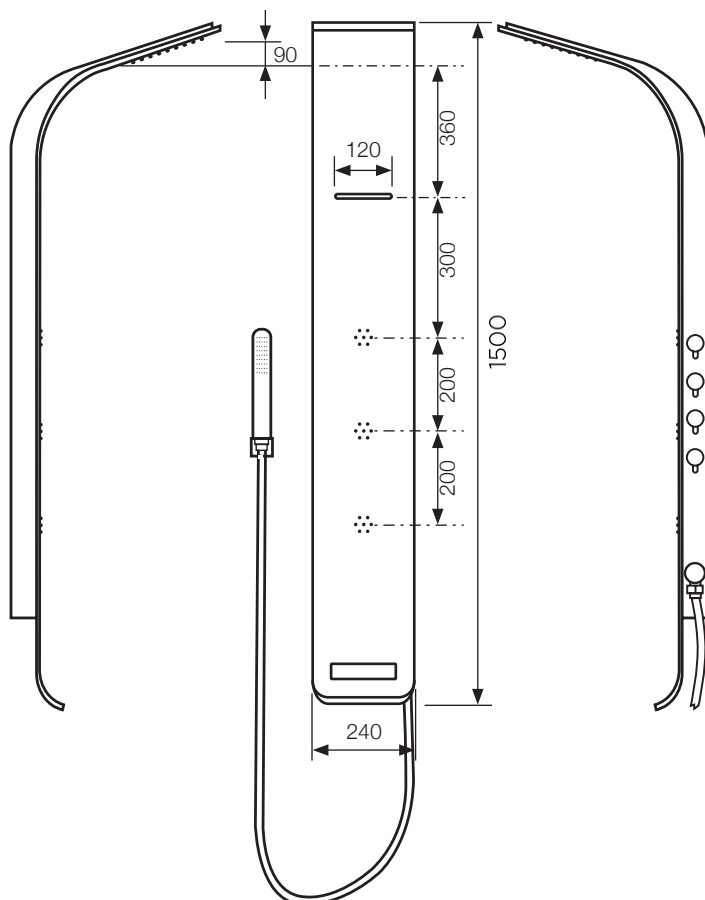

SY02930.B

WELS: 3 stars

Litres/minute: 8.5L

Weight: 8.9kg

Finish: Matte Black

The Synergii shower panel is created from aluminum alloy with durable stainless steel hoses and brass bodies for the body jets.

It features 4-way shower function with the options of shower head, handshower, waterfall outlet, 3 body sprays, controlled by 4 separate stop valves for each function.

This particular shower panel is retrofittable, meaning it needs to be hooked up to an external shower mixer or taps.
