

Vierra

100% DESIGNED AND ENGINEERED IN AUSTRALIA

ARCISAN

Vierra

Vierra is a commanding, bold chap who exudes a refined industrial style. Dressed to impress, the face of Vierra is perfectly polished or expertly brushed, depending on your finish. Down the sides is where Vierra truly stands apart, featuring precision knurling that runs from top to toe. This not only looks fabulous but is functional too, as it helps you grip and smoothly rotate the progressive cartridge housed within.

Vierra has an extensive range of products available, from three-piece tapware sets to a diverse collection of progressive mixer pieces; there is sure to be a Vierra combination to suit your bathroom. Vierra is available in six on-trend colours and finishes; these finishes are either electroplated or PVD (Physical Vapor Deposition) for a long-lasting look.

RR012230 + ARB4120

Wall mixer set
150mm spout

Finishes:

Chrome, SN, MB, RG1,
BB, GM

WELS 5 star | 5L/min

The Arcisan R&D department spent much time searching for the ultimate progressive cartridge for our Vierra mixers. Eventually, we chose a new cartridge, from one of the world's leading European brands, that is very easy-to-use so that the ideal temperature can be chosen precisely and quickly.

The Vierra mixer has a smooth and even transition from cold to warm allowing the user to achieve the perfect temperature. Full handle rotation from cold to hot is only 90° with a wide and comfortable temperature zone in between.

This is a great advantage for the Vierra progressive range as it completely avoids user difficulties that can arise with other cartridge brands.

RR012310 + ARB4120
Handshower and mixer set with plate
Finishes: Chrome, SN, MB, RG1, BB, GM
WELS 3 star | 9L/min (handshower only)

RR012315 + ARB4120
