

Meg11 Freestanding Basin

MG04899

Overflow: No

Finishes Available:

INFORMATION

Meg 11 freestanding basin is a new industrial design project, born from the research of new luxury solutions for the bathroom. It is characterised by shapes and lines which emphasize the pathos and the poetry of objects, symbols that transcend their functional nature. The basin is made from fine fireclay and features a concealed floor fixing system. It is suitable for floor mounted outlets or wall mounted tapware.

CARE AND MAINTENANCE

- All surfaces should be frequent cleaned with a mixture of mild, pH neutral soap and warm water with a soft cloth
- Do not use abrasive clothes, scouring pads on surfaces
- Do not use harsh cleaning agents i.e. cream cleaners or citrus based cleaners (*see cleaning leaflet for comprehensive list*)
