## Arcisan slim line in-wall cistern | mechanical

ARO4430

**WELS:** 4 stars

**Litres/min:** 3/4.5L

**Pressure rating:** 150 - 500kPa

**Inlet Position:** Top left

**Material:** High density polyethylene

### INFORMATION

The slim concealed, dual flush cistern is made from high density polyethylene, incorporating inbuilt overflow. Due to its slim design the cistern can be installed in a standard 90mm metal or timber wall application.

Hot and cold water inlet pressures should be equal.

**What does mechanical mean?** This is standard fixing on front of cistern. The push plate mechanically pulls the levers up to open the outlet mechanism and flush the toilet.

**WARRANTY**  
10 years

\*Conditions apply.
